

# VIDEO RECORDERS BUILT FOR TRANSIT

## DEPENDABLY CAPTURE VIDEO EVIDENCE IN DEMANDING MOBILE ENVIRONMENTS.

Safe Fleet video recorders are designed and Tested Tough to meet the demands of passenger transportation. They go the extra mile, outlasting and outperforming other recorders on the market, dependably capturing video in challenging mobile environments.

### BUILT FOR LASTING VALUE

Quality workmanship and skillful design, mean our recorders outlast and outperform, delivering superior value over any other mobile video provider.

### TESTED TOUGH

Shock and vibration tested against SAE-J1455 and MIL-STD-810 standards to outperform in the most rugged, mobile environments.

### RELIABLE RECORDING

Trust in knowing your video is always recording. Proven technology has your back, ensuring footage is there when you need it most.

### WIDE-RANGE OF OPTIONS FOR EVERY TRANSIT NEED

Recorder options for as many camera views, standard or high resolution, as your budget, safety needs and vehicle types dictate.

### SECURE STORAGE OPTIONS

With a locked storage cartridge, tamper-proof design and storage capacities up to 4TB (16TB on dual drive models), you can securely store video as long as you need it.

### ACCESS FOOTAGE WHEN YOU NEED IT

Wi-Fi-ready digital video recorders let you access your evidence without leaving the office.

## Progressive Recorders that Reliably Deliver Video When You Need it

Choose from a wide range of recorders featuring market-leading technology. Each model supports full high-definition (1080p) analog cameras and multi-megapixel (up to 4K) IP cameras. This wide range of options ensures you can select the exact system to match your vehicle and passenger transportation safety needs.

|            |                                       |
|------------|---------------------------------------|
| DH4V2:     | 4-5CH (4 AHD built-in + 1 IPC option) |
| DH6:       | 6-7CH (6 AHD Built-in+ 1 IPC option)  |
| DH8:       | 8-9CH (8 AHD Built-in+ 1 IPC option)  |
| NH16V2-DS: | 12CH (8 AHD + 4 IPC all Built-in)     |
| NH16V2:    | 16CH all IPC, includes PoE Switch     |

- Supports analog HD and IP cameras
- Records in high resolution
- Simple programming interface
- No complicated IP networking and programming with Safe Fleet branded cameras
- Support for 3rd party IP cameras via RTSP
